Introduction

Hi,

My name is Lucy Roberts and I am the author of "The Chick Magnet".

You maybe wondering what makes me qualified to give men such advice on "how-to" attract beautiful women and how I am so sure that these methods will work for YOU!

Well... Here's the thing – Over the past 5 years I have dated over 85 men and I have been studying the behavior of what makes a woman "tick" and what turns a woman off, and what I've discovered may very well surprise you.

So... for the remainder of this book – make sure you are comfortable – take the phone off the hook, lock the doors and grab yourself a drink!

What Women Want

You will need to be prepared to unlearn everything you've been taught on "How to Attract Women" – as you are about to discover it's NOT what you've been taught for all these years!

Key Number #1

- **Confidence**

This is perhaps one of THE most vital skills you will need to acquire in order to attract women.

How could you expect to pick-up a hot chick if you don't think you're that flash yourself?

You must have the confidence within yourself if you REALLY want women to be attracted to you.

Even if you don't think you're that great --- It's time to start pretending! If you pretend long enough and hard enough you will develop the mentality of a "confidant man".

Women go weak at the knees to a man that "oozes" self confidence.

Take for example: Jack Black – In the movie “Shallow Hal”. An over-weight man, with bad dress sense and an everyday average kind of job...

And in the beginning of the movie you will see that he did have the ability to pull hot looking chicks regardless of the fact that he was over weight, had bad dress sense and didn't have a lot of money.

But what he did have and was painfully obvious was a whole LOT of confidence.

He didn't look at these women as “better” than he is.

And as soon as you put a woman in the category of “she's better than you” – she WILL pick up on it. And I can assure you, once she has that vibe, you've just gone and squashed, trampled on, and personally killed all the attraction!

Key Number #2

- **Goals/Hobbies**

Now you might be wondering why?? Goals??
Hobbies??

What on earth does this have to do with attraction?

So I will tell you...

Women love a man who has a clear direction of where they're going and what they want and certain unique things about them – that just make you **YOU!**

If you don't already know the answer to this question then go grab a pen and paper – sit down and work it out --- what do **you** want??? What do you love doing?

Here are a few "thought provoking" hobby ideas.

- Do you go to the gym?
- Do you like to fix up old cars and resell them for profit?
- Do you like to play the stock market?

- Are you a wiz at fixing computers?
- Do you play a sport?
- Do you play an instrument?
- Do you go to every lakers game? And carry on like a pork chop? ;-)
- Do you religiously help out for a certain charity?
- Do you play skirmish with your mates every second weekend?
- Have you been collecting every baseball card known since you were a kid?

“Thought provoking” ideas for your goals

- Are you working towards a promotion at work?
- Are you planning on studying a certain course?

- Do you plan on being the “next” champion golfer?
- Are you working towards paying off your house mortgage or gathering your deposit for a home loan by X amount of time?
- Are you working towards “buying” the next best car on the market to date?

What ever your hobbies and goals are --- make sure you have a clear picture in your mind. The last thing you want, is to be stumbling across your words when explaining to a woman – **WHO YOU ARE.**

These will become your “bragging” points. And no I don’t mean literally “brag” about it non-stop as this will turn her off – but when it’s your turn to speak – this is what you can use.

Key number #3

- **Sense of humor**

If you don't have one of these, I suggest you go find one ;-)

Everybody loves the funny man!

Have you ever noticed how "comedians" are often butt ugly – yet pick up hot chicks?

And no, you can't say "well duh, it's because they have money"... Most people with money attract others who also have money and there are plenty of examples of this.

Bank up a couple of good jokes – (be careful not to use any offensive one's – right off the bat swinging out a pile of blonde jokes to a chick you've just met that happens to be blonde will likely land you in the "jerk" category and you don't want to be placed there).

A joke that generally appeals to a wide audience without offending the majority is a good pick.

But of course, it's not all about just telling a good joke. It's the funny little "one liners", the almost

inappropriate innuendo's to get her laughing or at least smiling!

Key Number #4

- **Listen**

A skill that very few people possess and has the ability to put you ahead of everyone else!

You see, women **love** to talk!

Playing the "listener" can benefit you in more ways than just one.

Now that you're listening you now have the opportunity to hold this conversation for a length of time to really get to know her.

Discover for yourself, if this is a chick you would want to spend more time with.

Better yet, start asking her questions – find out her desires and her fears – once you know her desires and fears you can then dominate the relationship.
